Oncogene (2006) **25**, 7440. doi:10.1038/sj.onc.1210105

Correction to: *Oncogene* (2000) **19**, 3508–3520.

A mistake occurred during the preparation of this manuscript, such that the top panels from Figure 10b and c used data that had been previously published in *Cell Death and Differentiation*. These data are similar in appearance, but was performed without the transfected neomycin-resistant expression vector. The correct data are published here.

The authors would like to apologize for this error.
