

# INDEX OF SPECIES

Page numbers in italics refer to the subjects of the paper.

- Acacia kao*, 7  
*Aegilops sharonensis*, 372, 373  
    *speltoides*, 371  
    *squarros* 371, 372  
*Agrostis tenuis*, 179  
*Allium cernuum*, 365  
    *schoenoprasum*, 365  
*Ammophila arenaria*, 414  
*Anthoxanthium odoratum*, 179  
*Arianta arbustorum*, 418  
*Aspergillus nidulans*, 321, 322
- barley, 187–195, 375  
*Beta vulgaris*, 381  
*Bison betularia*, 179  
Blackflies, (Simuliidae), 85–93  
*Bombus pennsylvanicus*, 287  
*Brachycome dichromosomatica*, 313
- Centaurea scabiosa*, 365  
*Cepaea hortensis*, 407–419  
    *nemoralis*, 407–419  
*Cnephia pecuarum*, 88  
    *mutata*, 88  
    *stegopterna*, 88  
*Cochliomyia hominivorax*, 181  
*Coelopa frigida*, 35–44, 45–55, 171  
*Coprinus*, 324
- Dacus oleae*, 169–185  
*Danaus plexippus*, 117, 122  
*Drosophila*, 63, 76, 90, 212, 326, 366, 407  
    *adistola*, 18  
    *differens*, 7  
    *heteroneura*, 3–25  
    *hemipeza*, 7  
    *melanogaster*, 27–33, 42, 53, 179, 180,  
        183, 224, 325, 373, 421  
    *majavensis*, 36  
    *neopicta*, 21  
    *Ochrobasis*, 18  
    *persimilis*, 53  
    *plantibia*, 3–25  
    *polymorpha*, 179  
    *pseudo-obscura*, 18, 53, 179  
    *setosimentum*, 8, 18  
    *silvestris*, 3–25  
    *willistoni*, 179
- Eptesicus*, 435–438  
    *donglasi*, 435–438  
    *pumilis*, 435–438  
    *regulus*, 435–438  
    *sagittula*, 435–436  
    *vulturinus*, 435–438  
*Erysiphe polygoni*, 207  
*Escherichia coli*, 321
- flax, 211–226  
*Festuca pratensis*, 365  
*Formica acquilonia*, 95–106  
    *picea*, 96  
    *polycтена*, 95–106  
    *rufa*, 105  
    *sanguinea*, 104  
    *transcaucasica*, 95–106  
    *uralensis*, 96  
*Fundulus heteroclitus*, 117, 122
- Heracleum sphondylium*, 415  
*Hirschfeldia incana*, 334  
honey bees, 263–270  
*Hordeum bogdanii*, 294, 295, 297  
    *brevisubulatum*, 294, 295  
    *bulbosum*, 293–298  
    *chilense*, 297  
    *lechleri*, 294, 295  
    *murinum*, 294  
    *procerum*, 294, 295  
    *pusillum*, 297  
    *vulgare*, 179, 187–195, 297, 371  
*Hyacinthus orientalis*, 251–261  
*Hypericum perforatum*, 319
- Ipomoea purpurea*, 283–292
- Lasthenia*, 233  
*Lilium callosum*, 365, 366  
*Locusta migratoria*, 366  
*Lolium berenne*, 421–434  
long-horned grasshoppers, 147–150  
*Lupinus nanus*, 291
- man, 325, 393–405  
*Manioliа jurtina*, 179  
*Melanoplus femur-rubrum*, 366

- Metrosideros collina*, 7  
 mouse (*mus musculus*), 127–135, 305–309,  
 322, 322–323, 323, 325–326, 326,  
 367  
*mus musculus castaneus*, 130  
*Myrmeleotettix maculatus*, 365, 366  
*Mytilus edulis*, 36
- Nemesia capensis*, 137–138  
*floribunda*, 137–138  
*melissaefolia*, 137–138  
*strumosa*, 137–138  
*versicolor*, 137–138  
*Nicotiana rustica* 79–83
- Oenothera organensis*, 153, 302  
*Origanum vulgare*, 329, 335
- Papver rhoeas*, 310  
*Phleum phleoides*, 365  
*Pisum sativum*, 197–201, 203–210, 383–392  
*ssp. humile*, 199, 208, 209  
*Plantago lanceolata*, 334  
*Pleuronectes platessa*, 117–125  
*Podisma pedestris*, 149, 237–249  
*Peocilia reticulata*, 124  
*Prosimulium approximatum*, 89  
*arvenense*, 88  
*dicum*, 89  
*fontanum*, 89  
*fuscum*, 89  
*hirtipes*, 88  
*impostor*, 89  
*latimicro*, 89  
*magnum*, 89  
*mixtum*, 89  
*multidentatum*, 89  
*mysticum*, 89  
*rhizophorum*, 89  
*saltus*, 89  
*vigintiquarterni*, 88  
*Pseudococcus obscurus*, 366  
*Pycnogaster cucullata*, 147–150
- Rhizobium leguminosarum*, 197–201,  
 203–210  
 rye, 57–62, 345–369  
 ryegrass, 421–434
- Saccharomyces cerevisiae* 323  
*Scilla sibirica*, 251–261  
*Secale cereale*, 60, 371  
*montanum*, 60  
*Senecio vulgaris*, 227–235  
*Simulium aureum*, 88  
*congaerenarum*, 86–88  
*damosum*, 89  
*decorum*, 87  
*erythrocephalum*, 88, 92  
*excisum*, 88  
*innocens*, 88  
*longistylatum*, 87  
*neornatipes*, 87  
*nitidifrons*, 87  
*ornatipes*, 87  
*ornatum*, 87  
*pictipes*, 87  
*rivuli*, 88  
*sirbanum*, 89  
*soubrense*, 89  
*squamosum*, 89  
*tuberosum*, 86, 87  
*venustum*, 87–88  
*verecundum*, 87–88  
*yahense*, 89  
*Streptococcus aureus*, 129
- Taraxacum officinale*, 415  
*Thymus vulgaris*, 335  
*Triticum aestivum*, 57, 293–298, 371–376  
*dicoccum*, 297  
*durum*, 297  
*monococcum*, 297, 372  
*timopheevi*, 297
- Zanotrichia capensis*, 117, 122  
*Zoarces viviparus*, 179
