In the version of this Article originally published, the equation ' $W = (1/4\pi) \int \mathbf{s} \cdot (\partial_x \mathbf{s} \times \partial_y \mathbf{s}) dx dy$ ' was missing the symbol for the vector product and the first erratum did not correct the problem. Further, unrelated, changes were also required: in the sentence beginning 'We present next the micromagnetic simulations...', 'ten' should have been 'eleven', and in the sentence beginning 'With the smallest exchange constant...', '1.6 pJ m<sup>-1</sup>' should have read '1.6 mJ m<sup>-2</sup>'. All of these errors have now been corrected in the online versions of the Article.
