

CORRECTION

Correction: Interaction between STAT3 and GLI1/tGLI1 oncogenic transcription factors promotes the aggressiveness of triple-negative breast cancers and HER2-enriched breast cancer

Correction to: *Oncogene* <https://doi.org/10.1038/s41388-018-0132-4>, published online 16 February 2018

Following the publication of this article it was noted that Blot B of Figure 4B was a duplication of Figure 1B from a previous publication by the authors [1]. The authors apologise for this inadvertent error and include below the corrected Figure 4B. This correction has no impact on the conclusions of the article.

Corrected Fig 4B in Oncogene 2018 Paper
