

Meet better, smarter, safer healthcare

3M Health Care is now Solventum. Learn how we enable better, smarter, safer healthcare to improve lives at [solventum.com](https://www.solventum.com).

Solventum's award-winning dental materials are designed to maximise patient satisfaction and practice efficiency, whether you deliver restorative or orthodontic care. We understand that dental professionals need more than reliable products, which is why Solventum offers support that simplifies procedures and delivers predictable clinical outcomes.

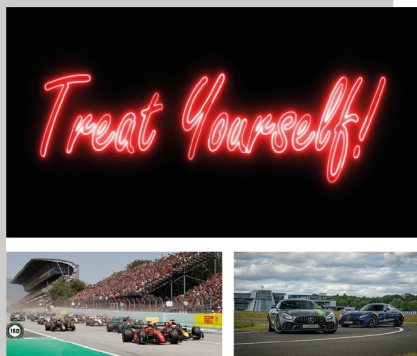

At the heart of Solventum is collaboration with the professional health care field. Dental professionals can partner with Solventum and begin the journey of reimagining oral care delivery, engaging with cases with fresh eyes and new perspectives, in order to deliver improved care to your patients.

Reach out and learn more about the ways you can take your care one step further. To learn more about Solventum visit <https://www.solventum.com/en-gb/home/oral-care/>.

Time to treat yourself?

Treat yourself to a life-changing experience, dental education and networking with Clover Dental Group in 2025! In addition to our core events – which include Porsche and Aston Martin Roadshows in February – we have some exclusive additional events for dentists to enjoy next spring:

- **Mercedes-Benz Track Day | 10 April 2025** – immerse yourself in the luxury and performance of Mercedes-Benz. Plus, hear from Paul Tipton and Bobby Bhandal while networking with colleagues and industry experts
- **Champagne Dental Tour | 8-10 May 2025** – join this very exclusive trip to Reims, France, to tour this hidden gem of a location with a former Le Mans 24 Hours racing driver, alongside CPD sessions and a lap of the former F1 Circuit
- **North Coast 500 | 16-18 May 2025** – experience the Banzai Rally and other stunning Scottish Highland stop-offs that fulfil the dreams of every car nut. CPD

sessions and networking opportunities included

- **Spanish Grand Prix 2025 | 29 May-1 June 2025** – passions collide in this adrenaline-fuelled experience at the Circuit de Barcelona-Catalunya, with dental CPD and networking in a relaxed atmosphere.

Places are filling fast so treat yourself and book early. Browse the full list of unique CPD events from Clover Dental Group and book by visiting cloverdentalfitout.co.uk/ event or calling 07961 669996.

A signature service

Making and signing forms can be a tedious process for staff and patients. Aeronadental, an advanced cloud-based dental management software, offers a seamless solution for all.

Design & Sign is a valuable add-on from Aeronadental. It allows practices to create professional documents for patients to review and sign, all within a unique template builder that is easily customisable. Patient assessments, surveys and consent forms can now be designed in a bespoke way to reflect the branding and personality of your practice.

Secure digital signing through Design & Sign promotes the journey towards a paperless practice, simplifying the patient journey and lessening costs on paper, storage and ink. The smooth integration of Design & Sign with Aeronadental gives easy access to the entire practice team to further streamline the workflow.

To customise digital forms that are secure for patient signatures, try Aeronadental's Design & Sign service.

For more information visit aerona.com or call 028 7000 2040.

The green machine

The benefits of maintaining an environmentally friendly practice are appealing to both you and your patients. For a greener steriliser that uses less power but offers increased capacity, look no further than the Lara XL from W&H.

With a fast type B cycle and a 6 tray rack, the Lara XL features advanced Eco Dry + technology that assesses the mass of the load and adjusts its drying time accordingly. This

reduces cycle times, increases the life span of your instruments and ultimately optimises how much energy is being consumed, helping in the battle to reduce power bills.

The Lara XL also comes in environmentally friendly packaging that is reusable and recyclable, using minimal plastic components. 99% of the packet weight is made of cardboard and other fully biodegradable substances – W&H and the

Lara XL are committed to sustainability. To find out more visit https://www.wh.com/en_uk.
