In the original version of this Article, the Supplementary Information file was incorrectly referred to throughout the text as:

“See Supplemental Material at [URL will be inserted by publisher] for additional information on sample characterization and control experiments).”

This has been replaced by references to the Supplementary Notes.

The reference to the Supplementary Information file in sentence 8 in paragraph 1 of the subsection “Emergent insulator-to-metal transition in CIO/LSMO heterostructures” of the Results and Discussion section now reads:

“see Supplementary Note 2.”

The reference to the Supplementary Information file in sentence 6 in paragraph 2 of the subsection “Emergent insulator-to-metal transition in CIO/LSMO heterostructures” of the Results and Discussion section now reads:

“see Supplementary Note 10.”

The reference to the Supplementary Information file in sentence 7 in paragraph 2 of the subsection “Emergent insulator-to-metal transition in CIO/LSMO heterostructures” of the Results and Discussion section now reads:

“see Supplementary Note 3.”

The reference to the Supplementary Information file in sentence 9 in paragraph 2 of the subsection “Emergent insulator-to-metal transition in CIO/LSMO heterostructures” of the Results and Discussion section now reads:

“see Supplementary Note 10.”

The reference to the Supplementary Information file in sentence 2 in paragraph 3 of the subsection “Emergent insulator-to-metal transition in CIO/LSMO heterostructures” of the Results and Discussion section now reads:

“see Supplementary Note 4.”

The reference to the Supplementary Information file in sentence 5 in paragraph 3 of the subsection “Emergent insulator-to-metal transition in CIO/LSMO heterostructures” of the Results and Discussion section now reads:

“see Supplementary Note 5.”

The reference to the Supplementary Information file in sentence 3 in paragraph 2 of the subsection “Percolation nature of the insulator-to-metal transition” of the Results and Discussion section now reads:

“see Supplementary Note 4.”

The reference to the Supplementary Information file in sentence 8 in paragraph 3 of the subsection “Percolation nature of the insulator-to-metal transition” of the Results and Discussion section now reads:

“see Supplementary Note 7.”

This has now been corrected in both the PDF and HTML versions of the Article.
