In the version of the article initially published, due to an error in figure assembly, the sixth mouse in the “19 CAR-NK” (Day 2) images in Fig. 1d was a duplicate of the second mouse in the same group. Additionally, the “18.2 CAR-NK” (Day 37) mouse image was a duplicate of the sixth “18.2 CAR-NK” (Day 30) mouse directly above it. The amended figure with the correct images is now available in the HTML and PDF versions of the article.
