# Publisher Correction: C9orf72 arginine-rich dipeptide repeats inhibit UPF1-mediated RNA decay via translational repression

Yu Sun, Aziz Eshov, Jeffrey Zhou, Atagun U. Isiktas  & Junjie U. Guo 

Correction to: *Nature Communications* <https://doi.org/10.1038/s41467-020-17129-0>, published online 3 July 2020.

The original version of this article contained errors in Figs. 2A, 3A and 3B that were inadvertently introduced during typesetting. The third sample of Fig 2A, the third panel of Fig 3A, and the third sample of Fig 3B were inadvertently labelled  $(G_4C_2)_{100}$  RNA rather than  $(G_2C_4)_{100}$  RNA. In addition, the fifth sample of Fig 2A were inadvertently labelled  $GA_{50}$ -GFP and rather than  $GR_{50}$ -GFP. These errors have now been corrected in both the PDF and HTML versions of the article.
