Due to the error at the proof stage the original version of this Article included a wrong reference to previous work (reference 1). This has been corrected to reference “Siegel, R. L., Giaquinto, A. N. & Jemal, A. Cancer statistics, 2024. *CA Cancer J. Clin.* **74**, 12–49 (2024)” for the statement “sixth leading cause of death for women in the United States” in the first sentence of the Introduction. This has been corrected in the PDF and HTML versions of the Article.
