In the version of the article initially published, the authors inadvertently presented incorrect images in Fig. 3c and g, and duplicated images in Extended Data Fig. 3i. These panels have now been amended, and the correct Fig. 3c and g, and Extended Data Fig. 3i are shown in the Supplementary information accompanying this amendment. Additionally, the labelling of samples in Extended Data Fig. 10c appeared incomplete and has now been corrected. These corrections have been made to the HTML and PDF versions of the article. This does not affect the results or conclusions of this work.
