Correction to: *Nature* <https://doi.org/10.1038/s41586-018-0589-x>,  
published online 17 October 2018.

In this Letter, the position of the  $y$  axes in Fig. 3b was altered during the production process, and the carbon isotope label ' $\delta^{13}\text{C}$ ' was inadvertently changed to ' $\delta^{18}\text{C}$ '. In addition, the  $x$  axis in Fig. 3b is on a different scale; whereas this extends to 40 kyr in Fig. 3a and c, it extends to 50 kyr in Fig. 3b. This figure has been corrected online.
