

## Author Correction: Highly specific multiplexed RNA imaging in tissues with split-FISH

Jolene Jie Lin Goh, Nigel Chou, Wan Yi Seow, Norbert Ha , Chung Pui Paul Cheng, Yun-Ching Chang, Ziqing Winston Zhao and Kok Hao Chen 

Correction to: *Nature Methods* <https://doi.org/10.1038/s41592-020-0858-0>, published online 15 June 2020.

The version of this article initially published did not include the probe design software in the Code Availability statement. The statement has been updated to note the availability of probe design software at <https://github.com/khchenLab/split-fish>. In addition, as a result of a publisher error, the source data for Fig. 1 were provided as .xls files. These have been corrected to .tif files. The errors have been corrected in the HTML and PDF versions of the article.

## Author Correction: Comparing phenotypic variation between inbred and outbred mice

Alexander H. Tuttle, Vivek M. Philip, Elissa J. Chesler  and Jeffrey S. Mogil 

Correction to: *Nature Methods* <https://doi.org/10.1038/s41592-018-0224-7>, published online 30 November 2018.

In the version of this article initially published, all coefficients of variation taken from published papers in the literature meta-analysis, appearing in Fig. 1 and Supplementary Table 1, were doubled. This does not affect the conclusions of the paper, as the erroneous transformation was applied to all values. The error has been corrected in the PDF and HTML versions of the article.
