The original version of this Article contained errors.

In Figure 10, the slip color scale for Mw 6.4 foreshock (lower panel) was incorrect. As a result, the chroma sub-sampling was incorrect.

The original Figure 10 and accompanying legend appear below.

Additionally, in the Conclusions section,

“On the F1 fault, The maximum slip was 1.5 m.”

now reads:

“On the F2 fault, the maximum slip was 1.5 m.”

The original Article has been corrected.
